LIFE IN THE STUDIO: INSPIRATIONS
AND LESSONS ON CREATIVITY
BY FRANCES PALMER

What fuels your imagination? Exploring new forms.
Design motto: Make it simple, elegant and functional.
Most rewarding part of the job: The joy of making pottery.
Inspiration: The history of ceramics. **What are you experimenting with?** Wood-fired stoneware. **You can never have too many...** vases. **Simple pleasure:** Flowers.
Luxury means... enough time to follow your curiosity.
