product Nightfall
standout Photographs the AB Concept cofounder took of Karuzawa, in the Japanese Alps, were translated into wallpaper using various painting techniques that capture the landscape's dreamy light and color. calicowallpaper.com

product Phantom
standout The moiré patterning of the artist's hardworking polyester-polyurethane upholstery, with PVC-free liquid barrier, was derived via an algorithm that generates intersecting lines, creating the illusion of depth. wolfgordon.com

product Come Back as a Flower
standout The Mississippi artist's collection for the textile house includes this outside black-and-white botanical composition with hand-drawn quality, available as both heavyweight linen fabric and wallpaper. fschumacher.com

product Colorworks
standout The blocky geometric patterning of this Greenguard-certified bleach-cleanable acrylic-polyester upholstery textile nods to modern art movements. momentumtextilesandwalls.com
